

Chaos UK, Indecision

Can't think what to think
Can't think what to say
Can't seem to live my life
From now or day to day
No, yes:.etc.
Now I'm going mad
At all the fun I've had
It's all going wrong
Me, I don't belong
Crippled by my mind
For something I can't find
Something I can't be
Is it really me?
One day I'll pull through
I'll come back to you
And what will I say
Then what will I say?
Yes, yes, yes, yes: yes!
