

Chaos UK, You'll Never Own Me (False Prophets)

You'll never have the authority
To be in charge of me
So don't give me your orders
Or your boring commentary
Just because you think
You're of a so called better breed
You seem to think that you're so special
But you don't fucking own me
Use me to make money
In your shitty factories
And I'll have to live and suffer
On a pathetic salary
