The Great Adventure

Heart's Cry

This is my heart's cry

I want to know the one who saved me and gave me life

This is my heart's cry to be so close to Him that all my life becomes

A testimony of my Savior's grace and love

This is my heart's cry

This is my heart's cry

Much more than just a great desire - it's like a fire in me

I hear my heart cry each time I think about the cross where Jesus died

The cross should have been mine but His love broke through time

And heard my heart's cry - he heard my heart's cry

Now every other hope and dream is lost inside of this one thing

To know the one who died for me and live my life for Jesus Christ

Is my heart's cry

(Instrumental)

So let my life become a testimony of my Savior's grace and love

Oh - this is my heart's cry - to stand before the Father one day

And hear Him say well done - this is my heart's cry
