

# Chapman Tracy, Over In Love

Chapman Tracy  
Let It Rain  
Over In Love  
Cold wind blows  
Shivers loose  
Hard rain  
To my skin soaked through

So over in love with you  
I don't even care

Sky turns grey  
Black and blue  
Fall on me  
I can't be moved

So over in love with you  
I don't even care

Hot sun shines  
And lays bare  
Shadows cross cut  
Heavy air

So over in love with you  
I don't even care

The tide that washes in and out  
Reveals a heart  
And face worn new

So over in love with you  
I don't even care

I don't even care  
I don't even care  
I don't even care
