

Charizma, I'll give you a mountain

This is a song to make you stand strong
I see you stumble through your days
The burdens that you bear are lighter if we share
So lay them on my shoulder for a while
I give you a mountain, I give you a place to stay
I give you eagles flying high to carry you
I give you a mountain
To find your peaceful rest
One day you'll see it's all meant to be
This winding road was not in vain
We'll see it from above and you will know my love
We made it through the storms and through the rain
I will give you a mountain, I'll give you a place to stay
I give you eagles flying high to carry you
I give you a mountain
To find your peaceful rest
Walk with me, fly with me
All the way home
And I will carry you
I give you a mountain, I give you a place to stay
I give you eagles flying high to carry you
I give you a mountain
To find your peaceful rest
I give you all that you need
I give you my love
To find your peaceful rest
