

Charizma, Where do you go

She is driving down Ventura in the sunny afternoon
No luck with the auditions, trying to sell her tunes
Feeling sad and lonely, tears falling down
Here she is, lost in Tinseltown

PRE-CHORUS

The self-improvement tapes just wont get her through the night
At 4 AM shell wake up, reaching for the light

CHORUS

Where do you go when youre alone?
How does it feel to be out on your own?
And when the sun no longer shines,
When you need a place to hide
Tell me how, tell me how you feel?

VERSE 2

On the other side of town theres a man in need of words
Trying to tell his kids why their mother left this earth
Reaching out for comfort, there is none he can provide
Deluded by ignorance and pride

PRE-CHORUS 2

Theres no heaven above us, only emptiness below
Its strange how those words sound so cold

BRIDGE

Take hold of the life that is truly life
Tell me where you go, Where do you go?
Tell me where you go, Where do you go?
