Flower

Don't bring me flowers to my bed, i don't wish you to know

It's time to find myself again

As cold as houses on your street, as hollow as my own

I hope you wish them all away

Chorus

Time to say goodbye, bye to the bad bad girl

Time to say goodbye, bye to the bad bad girl

Don't bring me flowers to my bed, she got what she deserved

I told her i am of my time

As cold as houses on my street, as hollow as my own

I hope you wish them all away

Chorus (x2)
