

Charlatans Uk, Jesus Hairdo

Charlatans Uk

Melting Pot

Jesus Hairdo

Leave us, i'm in heaven and i can't believe i'm watching you

When everything you float upon comes down to soon

Jesus hairdo

I mean we all live in america

And if everything you say is true, it's bad tv

And you shine like a star

And you shine like a genius

Fix our hands together

When i surf another wave comes right

Don't wanna cry, know what i need

Oh choose your words

Jesus hairdo

I mean we all live in america

And it's hard to know reality when you don't have a life

Sing your song whenever

Can't you see you're catchin' something i need
