Charlatans Uk
Some Friendly
Opportunity

A boy with a stronger emotion, has nothing on me i've got this one
Going round round round this sensation i found in my soul
Love as it touches perfection, a ballance of truth and correction
Going round round round this sensation i found again
Station to station, this sensation, a celebration

I won

Speculation reassures your opinion to presume you sre the answer division
Going round round round this sensation i found in my soul
This hated body's persuasion, on any level of the organisation
Going round round round this sensation i found again

Ooh, ooh, ooh,

Station to station, this sensation, a celebration

I won

A stranger in awe of the chaos in reality he never could save us
Going round round round this sensation i found again
Again, again, again, again this sensation
I fucking won
