

Charlatans Uk, Sproston Green

Charlatans Uk

Melting Pot

Sproston Green

This one knows, she comes and goes

And she goes, she goes

This on knows, she comes and goes

And when she goes she goes

Sproston green, she used to pace me

And now she hasn't got the time

I know i'm to necessary

And ev'rything she stole was mine

This one knows, she comes and goes

And she goes, she goes

This on knows, she comes and goes

And when she goes she goes

Sproston green, she used to hate me

And now she hasn't got the time

I know i'm to necessary

And ev'rything she stole was mine

You've got this one, i've got no one

She's oh she's mine something wrong.....

Oooh.....
