

Charles Brown, They All Say I'm the Biggest Fool

I cried because we parted
I cried the night I was so broken hearted
They all say I'm the biggest fool
They know how much I love you
Although you were so very untrue
They all say I'm the biggest fool
Although you have robbed me
Of my greatest happiness, I forgive you
And I'll admit that you're the only one
Ever, ever, ever to make me blue
I'll always love you madly
You call and I'll answer gladly
They all say I'm the biggest fool
Although you have robbed me
Of my greatest happiness, I forgive you
And I'll admit that you're the only one
Ever, ever, ever to make blue
Darling, I'll always love you
You call and I will answer gladly
They all say I'm the biggest fool
They all say I'm the biggest fool
Oh, Charles
