

Charley Pride, Easy Part's Over

The easy part's over now it's time to cry the easiest part of all was saying goodbye
The easy part's over now and you are gone now comes the hardest part living alone
Time is the only friend that I have left here with me
How can those healing hands of time erase your memory
The easy part's over now we've come to the end
The easy part's over now and the hard part begins
Time is the only friend...
