

# Charley Pride, I'm Building Bridges

I've been working every day since you've been gone  
Ending the road that our love once traveled on  
And I'll have you back when I am through  
Cause I'm building bridges that will take me back to you  
Little things to show my love for you I'll find  
And I'll send them with flowers to keep me on your mind  
To be with you there is nothing I won't do  
Cause I'm building bridges that will take me back to you  
I'll have you back just as sure as tomorrow will come  
Spanning the canyons between us till I cross over every one  
Cause I'm building bridges that will take me back to you  
I'll be sunshine when the dark clouds fill your sky  
I'll be food when you're hungry and water when you're dry  
And I'll have you back when I am through  
Cause I'm building bridges that will take me back to you  
Cause I'm building bridges that will take me back to you
