

Charley Pride, Through The Years

Seems like only yesterday we fell in love just barely old enough to be sincere
Back then I thought I loved you all I could
But I've grown to love you more through the years
Through the years I've had you to keep me happy
Hand in hand we face tomorrow with no fear
Side by side we've walked the road of life together
And each step has grown us closer through the years

Now we've raised all our children and they're gone once again you and I are all alone
But I never will be lonely while you're here
Cause we've got a love that's lasted through the years
Through the years...
And each step has grown us closer through the years
