

Charli XCX, Out Of My Head (feat. Tove Lo, ALM

later in my sheets
there's no sleep
i don't know
when you turn on the radio
I don't know
with this dirt
how I look

pills and
and terrible things

I'm on the floor
with the telephone rings
all of this lies
I just want to believe
drop on mind
I just want to sing

I'm Out Of My Head
Out Of My Head
please get
Out Of My Head
I'm Out Of My Head
Out Of My Head
please get
Out Of My Head
Out Of My Head
Out Of My Head
please get
Out Of My Head
Out Of My Head
Out Of My Head

meet you
meet you out

party with no tunes
sway with my fist
let them drag
let mi high
and forget it all
let them drag
give me hug and goodbye with a little love
and now give me

pills and
and terrible things

I'm on the floor
with the telephone rings
all of this lies
I just want to believe
drop on mind
I just want to sing

I'm Out Of My Head
Out Of My Head
please get
Out Of My Head
I'm Out Of My Head
Out Of My Head
please get
Out Of My Head
Out Of My Head

Out Of My Head
please get
Out Of My Head
Out Of My Head
Out Of My Head
