

Charlie Daniels Band, Gone For Real

I'm hurtin'
Cause she's cheatin'
And I'm beggin'
Cause she's leavin'
And she's laughin'
And I'm cryin'
She done did everything
To bring a good man down
And this time she's really
Gone for real she's really gone

She took the house
I got the payment
She said beat it
I hit the pavement
I'm walkin'
She's ridin'
And that's my cherry red ragtop ford she's riding
This time she's really gone for real
She's really gone

She's gone and I'm danglin' in the wind
She's gone I got them empty bed blues again
Well this time she's really gone for real
She's really gone

She was foxy
She was classy
She was sexy
A little sassy
I was flyin'
I was floatin'
And then she pulled the plug
And I went down the drain
This time she's really
Gone for real she's really gone
Well she's officially, certified, absolutely
Positively, genuine, bona fide, never coming back again
Gone
