

Charlie Daniels, In America

Well the eagles been flyin' slow and the flag's been flyin' low
And a lotta people sayin' that America's fixin' to fall
Well speakin' just for me and some people from Tennessee
We've got a thing or two to tell you all
This lady may have stumbled but she ain't never failed
And if the Russians don't believe that they can all go straight to hell
We're gonna put her feet back on the path of righteousness and then
God bless America again
And you never did think that it ever would happen again
In America, did you?
You never did think that we'd ever get together again
Well we damn sure could
Yeah, we're walking real proud and we're talkin' real loud again
In America
You never did think that it ever would happen again
From the sound up in Long Island out to San Francisco Bay
And everything that's in between them is our own
And we may have done a little bit of fightin' amongst ourselves
But you outside people best leave us alone

'Cause we'll all stick together and you can take that to the bank
That's the cowboys and the hippies and the rebels and and the yanks
You just go and lay your hand on a Pittsburgh Steeler's fan
And I think you're gonna finally understand
And you never did think that it ever would happen again
In America, did you?
You never did think that we'd ever get together again
Well we damn sure could
Yeah, we're walking real proud and we're talkin' real loud again
In America
You never did think that it ever would happen again
And you never did think that it ever would happen again
In America, did you?
You never did think that we'd ever get together again
Well we damn sure could
Yeah, we're walking real proud and we're talkin' real loud again
In America
You never did think that it ever would happen again
