

Charlie Hall, Holy Heart

Oh, my heart longs to be purified
Oh, my heart longs to be refined
A holy heart is what I long for
What I cry for, what I need
A heart that loves you, a heart that hears you
Fears you and sees you as you are
Search my heart, oh God and see in me
All offenses, God, that there may be
Cryin' out now
A holy heart is what I long for
What I cry for, what I need
A heart that loves you, a heart that hears you
Fears you and sees you as you are
Refined in your love
Refined by your blood
And the pure in heart will see you, will see you
Cryin' out
A holy heart is what I long for
What I cry for, what I need
A heart that loves you, a heart that hears you
Fears you and sees you as you are, yeah
Sees you as you are
See you as you are
To gaze upon you
Purifies me
Oh, to look upon you
Purifies me
So purify me, purify me
Purify me, purify me
Yeah, purify me
