

# Charlie Landsborough, All Over But The Crying

You haven't said it  
But I've seen the words in your eyes  
Coming like heavy black clouds  
To clear summer skies  
You go thru the motions  
Of given your heart  
I don't feel a thing  
Cause were so Far apart  
And its all over  
It's all over but the crying

I believe there's nothing I can do  
The Heart to changes sweetness over you  
Your warmth has gone and your smile is alive  
You found so many ways of saying GOOD BYE

You haven't said it  
But I've read the signs in your face  
No mention of leaving  
But everything carry's its trace  
I spend each moment  
Preparing myself for the pain  
And the loneliness back on my shelf  
Cause Its all over its all but the crying

Its all over but I've seen it coming on  
Its all over the love we had is gone  
It's all over but the final farewell  
Will be your way of turning my heaven to hell

The love I returned to your eyes  
And Never is Near  
I'm just a voice from the past  
That You no longer hear  
I tried all my old tricks  
But They've lost their power  
The distance between us  
Grows hour by hour  
Its all over its all over but the crying  
Its all over its all over but the crying
