

Charlie Landsborough, Angels With One Wing

They're the power when two souls combine
They can climb mountains that alone
They could not climb

So hold me and I'll hold you
And together we will find
Were just Angels with one wing
We must cling together to fly

In the hour of my god is near
There flows a fountain of life and hope
From you to me

So hold me and I'll hold you
And together we will find
Were just Angels with one wing
We must cling together to fly

So promise me you'll always be
Right here by my side
Were just Angels with one wing
We must cling together to fly
Were just Angels with one wing
We must cling together to fly
