

# Charlie Landsborough, Dance With Me

Dance with me kick off your shoes  
Loosen your hair  
Just let the music carry us where we can lose  
All of our midnight blues

Oh wont you dance with me

Dance with me easy and slow  
Gently we will glide  
And the ebb and the flow of this musical tide we will sail  
Like boats in a fairy tale

Oh wont you dance with me

Dance with me  
Lets roll all our heart broken dreams into one  
Dance with me  
Till all of the sorrows gone

Dance with me  
Moonlight and stars  
Stand at the door  
Lets see how far we can travel before we are found  
Homeward bound

Oh wont you dance with me

Dance with me  
Whenever I hold you the magic begins  
Dance with me  
To a love song of sweet violins

The music  
The movement  
Them roman's are casting  
A spell on me  
And just for a moment my cares are forgotten  
And I feel free  
Body and soul  
Prefect and whole

Oh wont you dance with me

Oh wont you dance with me
