

Charlie Landsborough, It's So Good To See You

It's so good to see you
You haven't changed a bit
That smile is still in place
And that sunny face
Is just like I remember it
From way back when
It's so good to see you again
Where have you been
It's been such a long time
You were always something of a rolling stone
Did you hear a voice
Somewhere deep inside you
That was me
Callin you back home

It's so good to see you
You haven't changed a bit
That smile is still in place
And that sunny face
Is just like I remember it
From way back when
It's so good to see you again

You're a sight for my sore eyes
And I'll hope that you realize
How much you've been missed
This feelin of elation
The need for celebration
Is so hard to resist

Everyone says
It's not the same with out you
They all agree
You were always a laughin soul
We hope you've come
Home on a one-way ticket
Maybe this stone has taken its last roll

It's so good to see you
You haven't changed a bit
That smile is still in place
And that sunny face
Is just like I remember it
From way back when
It's so good to see you again

It's so good to see you
You haven't changed a bit
That smile is still in place
And that sunny face
Is just like I remember it
From way back when
It's so good to see you again

It's so good to see you again
It's so good to see you again
