

Charlie Landsborough, Love Love

Give me a little of your love love
A little of your love love will see me through
Pour me a little of your wine love
Cause I will be given mine love to you
Dont need money
Just enough to pay my way
Life is sunny with you beside me everyday

Give me a little of your love love
A little of your love love is all I need
Each day Im looking for a sign love
To tell me you are mine love to stay
My envision
My lifes totaling
Is keeping my position with you and love sick game

So give me a little of your love love
A little of your love love is everything
With out true love
Life can be a rocky ride
When Im with you love
See me glide

Music

Dont need money
Just enough to pay my way
Life is sunny with you beside me everyday
Right now my life is so complete love
Dont ever take your sweet love away
Dont ever take your sweet love away
