

Charlie Landsborough, Muddy Roads

If I claim to have the answers
Would I be taken chances lovin you
And if I thought the time was right
I shouldn't stay with you tonight who would lose
You got me dancin down these muddy roads
Soft sand between my toes feelin fine
Sunlight dancin on my back
Shirt in hand singin out in crazy rhymes

If I could see around the bend
Would it change the time I spent lovin you
If I could pick the perfect rose from all the pretty blooms
That grow how could I chose
You got me dancin down these muddy roads
Soft sand between my toes feelin fine
Sunlight dancin on my back
Shirt in hand singin out in crazy rhymes

If I could count the days to come
Mark them off one by one spent with you
I'd be rich but never poor
I'd find myself with many more than I could use
You got me dancin down these muddy roads
Soft sand between my toes feeling fine
Sunlight dancin on my back
Shirt in hand singin out in crazy rhymes
