

Charlie Louvin, If You Love Me Stay Away

What a pleasant surprise to have you call me
Your voice seems to tremble on the phone
You say that a friend gave you my number I suppose that you're glad to be home
If I sound like I'm crying forgive me these words won't be easy for me to say
Listen close dear for I can't repeat them if you love me stay away

It's too late for us I can't even see you don't ask me to break sacred vow
Let's hang up the phone inspite of our feelings the love we knew is just a mem'ry now
If I sound like I'm crying...
[guitar]
It's too late for us...
