

Charlie Louvin, That's What Your Leaving's Done

What your leaving's done to me time will never heal
My life just ain't the same all my dreams aren't real
Tearstains on my pillow I'm blue as can be oh that's what your leaving's done to me
I stare at the wall like a fool I guess I am
To be in love with someone who's not around
The moon don't shine the clouds are all I see
Oh that's what your leaving's done to me
They say I'm going crazy well I guess I am
I don't know what to do so I just walk around
The skies that once were blue now they're grey as can be
Oh that's what your leaving's done to me
[steel]
They say I'm going crazy...
Oh that's what your leaving's done to me
