

Charlie Louvin, To Tell The Truth (I Told A Lie)

Everyone has heard me say I don't miss her much today
Cause there's so much more to do than sit and cry
I said many times before I don't love her anymore but to tell the truth I told a lie
It feels so good to get it off my conscience to admit that she's still on my mind
I've tried keeping inside all the bitter tears I've cried
Oh I just laughed it up or at least I gave it a try
Oh when I thought I was at my best I sat and thought of her less and less
But to tell the truth I told a lie
[guitar]
It feels so good to get it off my conscience to admit that she's still on my mind
When I thought I was at my best...
