Charlie Peacock, Don't Have the Power

Gonna let the wind blow
Gonna let the rain come down
Gonna let everything
Around me go 'round and 'round
Gonna let the tide rise up
Let the night become the day
Try my best to understand, I can't change it anyway
I know you've got this things, that sit right in your hand
You can tell them what to do and they do as you command
But if you were to try to tell the river to run dry
You would find you don't have the power, oh no
You're gonna find you don't have the power
I know you know what I'm talking about
Take yourself a breath of air
Breathe it in and breathe it out
Try to live without it, try to stay alive
You will find you don't have the power, oh no
You're gonna find you don't have the power
Gonna let the wind blow, gonna let the rain come down
Gonna let everything around me go 'round and 'round
Gonna let time have it's way, within my every hour
For I cannot change a thing, 'cause I do not have the power
You may ask yourself, "Where does it come from?"
"Did it come out of nowhere, or was the always some?"
With the mind of a man, it's so hard to understand
You're gonna find you don't have the power, oh no
 You're gonna find you don't have the power
Gonna let the wind blow
Gonna let the rain come down
Gonna let everything
Around me go 'round and 'round
Gonna let the tide rise up
Let the night become a day
Try my best to understand
But can't change it anyway
Gonna let the wind blow
Gonna let the rain come down
Gonna let everything
Around me go 'round and 'round
Gonna let time have it's way
Within my every hour
For I cannot change a thing
'Cause I do not have the power
Gonna let the wind blow
Gonna let the rain come down
Gonna let everything
Around me go 'round and 'round
Gonna let time have it's way
Within my every hour
For I cannot change a thing
'Cause I do not have the power
