

# Charlie Peacock, Unchain My Soul

Man and a woman lie in bed together  
Tears on her pillow all week long  
You can draw a straight line right between 'em  
And a boy and a girl take a ride down a back-street  
Have a little moment, make a big mistake  
He's thinking wedding, she's thinking doctor  
Get them alone, they'll tell you  
Unchain my soul, set me free  
I need deliverance given to me  
Too many things out of my control  
Waste no time, unchain my soul  
Unchain my soul  
(Unchain my soul)  
Cinder block houses line up like a freight train  
All along the streets, every one of them looks the very same  
Nine out of ten people barely pay the rent  
Diamonds on the hand of a rich man in Jersey  
Doesn't need you and he doesn't need me  
He's in so deep, he could swim to Manhattan  
Unchain my soul, set me free  
I need some deliverance given to me  
(I need it)  
Too many things out of my control  
Waste no time  
Unchain my soul, set me free  
I need deliverance given to me  
Too many things out of my control  
Waste no time, unchain my soul  
Some big-shot man takes a dive down Wall Street  
He was looking for the easy life, got a big headache  
They don't make no drug that'll take it away  
He'll be saying, "Unchain my, unchain my"  
Unchain my soul, set me free  
I need some deliverance given to me  
Too many things out of my control  
Waste no time  
Unchain my soul, set me free  
I need deliverance given to me  
Too many things out of my control  
Waste no time  
Unchain my soul, set me free  
I need some deliverance given to me  
(I need it)  
Too many things out of my control  
Waste no time  
Unchain my soul, set me free  
I need deliverance given to me  
Too many things out of my control  
Waste no time, unchain my soul  
Unchain my soul  
(Unchain my soul)  
Unchain it  
Unchain it, let me go  
Unchain it  
Unchain my soul  
(Set me free)  
Unchain it  
Unchain it  
(Oh, unchain it)  
Unchain it  
(Unchain it)  
Unchain  
Unchain my soul  
Unchain my soul

Unchain my soul  
Unchain my soul  
Unchain my soul  
(Unchain my soul)  
Unchain my soul  
(Unchain my soul)  
Too many things gotten out of control  
Unchain my soul  
Too many things getting out of control  
Unchain my soul  
Too many things gotten out of control  
Unchain my soul,  
Too many things gotten out of control  
Unchain my soul  
Too many things gotten out of control  
Too many things gotten out of control  
Too many things gotten out of control  
Unchain my soul, unchain my soul
