

Charlie Who?, Animals (feat. Moa Lisa)

playing rough like an animals
you say it;s nothing wrong
my head's full of chemicals
and .. way to strong

I am prying
I am prying for love
u nanana na
I am stacking
I am stacking for rush
u nanana na
it's all that I am thinking of
u nanana na
I feel like
I feel like
I feel like built up

But i don;t wanna save the world
and mess it up every time
I've just want my body taking control over my mind
i don;t wanna let you know
about the things I do
when I am home alone
I can't stop thinking about you
