

# Charlie Winston, Unlike Me

You don't stop  
Day to day  
Up and down  
Picking up  
No one ever sees  
Memories take a toll  
Old wounds never go  
Look 'n see  
Find a way  
Anyway  
Way to be  
Safer in your skin

Try to  
Stay cool  
Keep low  
Let go  
Nowhere left to run  
Breakdown  
Rain dogs  
Freak clouds  
No words  
Secretly  
You be  
You're own worst  
Enemy  
With no one left to blame

Uuuu,  
You better find someone,  
Uuuu,  
You better find someone,  
Uuuu,  
You better find someone,  
Unlike me

Happiness  
Has a home  
Have a guess  
Where it is?  
Have you ever been?  
To see  
Pain and  
Pleasure  
Living together  
Some say  
They play  
Tkae turns  
Each day  
To make sweat happiness

Don't start  
Big heart  
Don't cry  
Little fly  
Buzzing around your head  
In time  
You'll find  
These crimes  
Behind you  
All said  
All done  
Who loves The sun  
Shining evermore?

Shining evermore

Uuuu,  
You better find someone,  
Uuuu,  
You better find someone,  
Uuuu,  
You better find someone,  
Unlike me
