

# Charlotte Nilsson, You Got Me Going Crazy

Every day see you walking by and I know you see me to  
What's the deal are you really shy or do you think you really cool  
Can't you see what I'm about do I have to spell it out?

You got me going crazy oh my  
You got me going crazy day and night  
You got me going crazy you just got to be mine  
You got me so I'm 'bout to lose mind

All my friends say you really smart so how can I get throe to you  
Get a clue come on have a heart and that will get you my heart to oh  
Can't you see what I'm 'bout do I have to spell it out

You got me going...

Can't you see what I'm 'bout  
All I know is you got to be mine  
Do I have to spell it out?  
I wanna be with you all the time

You got me going crazy...  
You got me going crazy...
