

Charlotte Perrelli, Heal me

I see them walk down the avenue
This parade for the blessed
It makes me sad see they're coming thru
When my life is just a mess
And in every tale of wisdom
I've never found a line
That could give me consolation
For my mind
So why don't you kiss me with a feeling?
That makes a little healing
Say the things we used to say
Take of this world now from my shoulder
Make it really go away
So why don't you save me?
Close boarder line- thinks I'm falling down
How can I carry on?
The only thing that can save me now
Is you're love that makes me strong
Cause in every tale of wisdom
I've never found a line
That could give me consolation
For my mind
