

Charlton Hill, Don't Sail

OK so far
I've been waiting on an island lonely
Que Sera
I got your hope it's my one an only
Await reply
Send a message in a broken bottle
Your ship I spy
Your fire's burning
It's my beacon candle

Don't Sail around me
(Don't sail around me)
'Cause I wont be found
Come on aground
(We can be happy)
Don't Sail around me
(Don't Sail around me)

You row ashore
Kiss me a greeting
And I discover heaven
It's you I adore
But I'm dreaming
Have to wait forever

Don't Sail around me
(Don't sail around me)
'Cause I wont be found
Come on aground
(We can be happy)
Don't Sail around me
(Don't Sail around me)

Winds change
But I'm inside
Your coming strong
But I'm gonna fight
Till your mine, all mine
All mine

Don't Sail around me
(Don't sail around me)
'Cause I wont be found
Come on aground
(We can be happy)
Don't Sail around me
(Don't Sail around me)
