

# Charlus, I Lost My Baby

Valentine, wasted again  
Rollin with the Vampires  
Well, they're my friends  
Arrested in motion, more salt for my emotion  
I cried in the shower  
I don't want to make a whisper now  
I lost my baby, the only one I could turn to for a hug  
I lost my baby and I miss, I miss her so much  
People look down on me  
You can't conceal mockery  
It descends into your eyes  
I see it every time  
Condescension, easy when, you think about me  
Yeah, I know it but would you suffer this fool more easily,  
If I told you,  
I lost my baby, the only one I ever really loved  
I lost my baby and I don't know if I'll ever get over it  
She's out there somewhere, I wonder if she feels the way I  
They say that love is just a silly game  
I played my game and now I'm on the streets  
Where the cool kids never meet  
No Love on the horizon  
The message is quite clear  
I have the right to remain silent  
I think I'll use my right  
I lost my baby  
I don't know where to go  
I lost my baby  
I miss her so much
