

Charly McClain, Fly Into Love

Way down in Sad Town in the valley of broken dreams
We're both prisoners of past loves & things that'll never be
Somethin' tells me if you held me, the clouds would disappear
We could leave our troubles all behind & nothin' could keep us here

(Chorus:)

We could soar like an eagle, touch the sky like a dove
We could fly to the top of the world, fly into love
Fly into love

Sunshine all the time is just beyond the hill
True love is waiting there & we can find it still
Your blue eyes are my blue skies, forever is in sight
Let's put our dreams together now & fly away tonight

(Chorus)
