

# Charly McClain, Let's Put Our Love In Motion

(Johnny MacRae/Bob Morrison/Larry Rogers)

Here we are alone together  
I see the warning in your eyes  
We've come this far, but will we ever  
Know what it is until we try?

CHORUS:

So baby, let's put our love in motion  
It's time to make our move  
Honey, will you second the notion  
To put our love in motion?  
To put our love in motion

Heart to heart, feelin' to feelin'  
We really know that it's all right  
Let love start, ooo it's the real thing  
Don't make me wait another night

(repeat chorus & fade)
