You Are My Music, You Are My Song (1986)

It's late afternoon and I just got home been missing you all day  
The music is low on the stereo but I know every word they say  
I love to listen to old love songs I always find myself singing along  
But they don't move me the way that you do

You are my music you are my song  
Your love is a melody that plays on and on  
Whenever you're near the sound that I hear is the sweetest thing I know  
You are my music you are my song

I'm driving home in the five o'clock rush the way I always do  
The radios on and every love song makes me think of you  
You can be just like rock and roll or you can play it soft and slow  
You keep my whole life in perfect harmony

You are my music you are my song  
Your love is a melody that plays on and on  
Whenever you're near the sound that I hear is the sweetest thing I know  
You are my music you are my song

Tonight I'll touch you and hold you in my arms  
I'll feel the rhythm of the beating of our hearts

You are my music you are my song  
Your love is a melody that plays on and on  
Whenever you're near the sound that I hear is the sweetest thing I know  
You are my music you are my song  
You are my music you are my song
