

Charly McClain, When A Love Ain't Right

(Johnny Wilson/Bob Morrison)

Teardrops fall, hearts will break
When there ain't no give in give and take
Every night's a lonely night
When a love ain't right
When a love ain't right

A-hurtin' words & little lies
A love will end up gone if no one tries
Rainbows fade to black and white
When a love ain't right
When a love ain't right

(x2):
So let's keep doin' just what we're doin'
Hold me tight every night
'Cause it's so easy for you to please me
Love comes so easy when it's right, right, right
So let's go try every day
Not to let our sweet love slip away
And we won't have to face the night
When a love ain't right
When a love ain't right
