

Charly McClain, You're A Part Of Me

(Kim Carnes)

I'd like to live out all my dreams
& if I could, yes if I could
The nicest one would be with you
& you'd be here with me
Don't you ever get lonely?

Lord, I'm no good when you're away
What do expect from a girl who loves you like I love you?
Won't you ever just get tired & come on home to me?
Don't you ever get lonely?

CHORUS:

You're a part of me that I can't do without
You're a part of me, what dreams are all about
But you can't hold onto somethin' that you never had before
Love waits for the wind to bring you back again
& take me away, take me away

Friends say it's great now, you're a star
But what did they expect from a girl who loved you just the way you were?
& late at night, how I wish things had never changed
When you were here with me
Don't you ever get lonely?

(chorus)

(repeat & fade):
Take me away
