

Charon, Come Tonight

Is it oh so lonely, is it all so dark,
Do I feel your warmth if we lay down breathless,
Does it feel the same like,
Taking a breath before I rest,
You made me feel like I'm losing this all for nothing.

This is why I want you, it's the deepest touch,
It's the deepest lust and I hold the same for you.
Come tonight my saviour, cry tonight my angel child,
Read the lines I bleed when I leave my heart to you.

Be my heart and my flame,
Become my water,
Marry pain within.
Be my heart and my flame,
Become my water,
Marry pain within.

Be my heart and my flame,
Become my water,
Marry pain within.

Be my heart and my flame,
Become my water,
Marry pain within.
Be my heart and my flame,
Become my water,
Marry pain.
