

Charon, Sister Misery

Let my body burn,
Let my body swirl around you,
All around you.
Let me come inside,
Let me be a part of you tonight.
Come to taste my, come to taste,

All we cried comes crawling back before it burns my world,
Tonight, we'll sing our sorrow, sing our sorrow song.

Take me tonight, sing our sorrow song,
Die sister die.

You don't need to cry,
I can show what it's like for you to spare you from this pain,
You're forever here, you're forever here in my heart,
And I love to die for you.

All we cried comes crawling back before it burns my world,
Tonight, we'll sing our sorrow, sing our sorrow song.

Take me tonight, sing our sorrow song,
Die sister die, sing our sorrow song,
Take me tonight, sing our sorrow song,
Die sister die.

Take me tonight, sing our sorrow song,
Die sister die, sing our sorrow song,
Take me tonight, sing our sorrow song,
Die sister die.
