

Charta 77, The Day The Banks Collapse

All systems are going to fall
The day the banks collapse
Read the history you'll see
The day the banks collapse

We're so great so they've told
The day the banks collapse
But one day we also shall fall
The day the banks collapse
Yesterday will come undone

The weakest link makes the chain
The day the banks collapse
Look around, is this sane?
The day the banks collapse

Yesterday will come undone
The day the banks collapse
The day the banks collapse
The day the banks collapse
The day the when banks collapse

Yesterday will come undone
The day when the banks collapse
The day when the banks collapse
The day when the banks collapse
The day when the banks collapse
