Chase & Status, Alive (ft. Jacob Banks)

As the rain, keeps pouring down on me And the sky is the only thing I see And my troubles are gone with the wind It's just me, and the ground beneath my feet.

I feel so alive I feel so alive I feel so alive I feel so alive

As the rain, keeps falling down on me And my shadow is the only thing I see All my troubles are gone with the wind It's just me, and the ground beneath my feet.

I feel so alive I feel so alive

Bones to bones, they can bring their guns I'm at, war with the world There is, no where to run no

Chest to chest, You can, run if you want I've come too far, oh I'm not gunna lose I feel so alive.

I feel so alive I feel so alive I feel so alive I feel so alive

Bones to bones, they can bring their guns I'm at, war with the world There is, no where to run no

Chest to chest, You can, run if you want I've come too far, I'm not gunna lose I feel so alive.
