

Chasen, God & King

Desperately I seek you
Desperately I long for Your face
Desperately I seek You
Come now with Your comforting warm embrace
The mountains are rising
The oceans are churning
Your people are singing
And now we are waiting
For Your glorious return
Holy, holy are You
Who lives in this place
Holy, holy are You
The Truth and the Way
Holy, holy is He
Who lives in me
Holy, holy are You
Our God and King

[Repeat first and second verse]

[Repeat Chorus]

For You are holy

[Repeat second verse]

Holy, holy are You

Who lives in this place

Holy, holy are You

The Truth and the Way

Holy, holy is He

Who lives in me

Holy, holy are You our God and King

Holy, holy is the Lord Almighty

Holy, holy our God and King
