

Chasen, On And On

Awake tonight
I'm breathing the air of the night sky
Listening and wanting
An answer to questions You're wondering
I never thought it ever would be possible
To cross the lines we drew
That govern what we say and do
But no height and no depth could separate us
But You're right when You say
That You set the time for the plans You make
I never thought that I could ever learn to let it go
Somehow its better when I follow in the paths You show
So I'm here I'm waiting
Cause I believe
[Repeat Chorus:]
[Bridge:]
There is no fear of belief
There's just this cold reality
That wants to take me away from You
There is no doubt in my mind
That in Your perfect time
Your plans and Your ways will unfold.
[Repeat Chorus:]
