

# Chasing Victory, Unrequited Love

So write it down in lover's blood  
There's gotta be a better way to break this spell  
Send out a search party  
Have you forgot how to love or how to die  
I see the crosses behind your eyes  
When will the fire burn out  
Is it after we've covered our tracks  
I'm not going to stay to find out  
He never asked for much  
If the fire burns out will it ever light up again  
It's been so long since I've seen your eyes this cold  
When did you let them step in  
When did you let them take control  
So sound the alarm  
There's gotta be a better way to break this spell  
Tell the whole world that I left without His love  
At the chiming of the bells  
I've been dreaming of elaborate schemes  
Thought the love was good for a while  
It's been much easier to leave  
I've got a new life now  
This couldn't have come at a worse time  
I guess you had to find out about this  
Unrequited love that I deny  
You say you fell out of love  
You say you fell out of love  
You say you fell out of love  
Well I call this abandonment  
There's got to be a better way  
Tell the whole that I left without His love  
At the chiming of the bells  
I've been dreaming of elaborate schemes  
Thought the love was good for a while  
It's been much easier to leave  
I've got a new life now  
This couldn't have come at a worse time  
I guess you had to find out about this  
Unrequited love that I deny  
That I deny  
I deny  
Well I call this abandonment!  
Well I call this abandonment!  
Well I call this abandonment!
