

# Cheap Sex, Backstabber

I saw you give that look to me  
My eyes were blind, my hands we're tied  
But now i fuckin see  
You're talkin shit with all your friends  
Sick of your lies, you i despise  
It's gonna fuckin end

(Chorus)

You're a backstabber, a backstabber  
You're a backsabber  
Scumbag full of shit and lies  
A backstabber, backstabber  
It's you that I fuckin despise

Tough guy behind the computer screen  
Well you are shit, you are nothin, do you know what I mean?  
Who fuckin pays to see you?  
No one cares, or gives two shits about what you do

Spreading gossip bullshit and lies  
High school drama in your eyes  
Tomorrow you won't even be a punk  
Leather jacket rottin in the trunk
