

# Cheap Sex, Nothing To Gain

I got my pay the other day  
I noticed a massive chunk has gone away  
I wonder where my money has gone  
It seems crooks in suits spend our money wrong

[Chorus:]

Funding a war - we are funding a war  
We are funding a war - with nothing to gain  
We are funding a war - we are funding a war  
Funding a war - with nothing for us to gain!

Wouldn't mind if it went to education  
Instead it goes to wars and isolation  
It could be used to help solve a problem  
But instead it creates more  
And leaves it for us to solve them.
