

# Cheap Trick, Clock Strikes Ten (Live)

Clock strikes ten, it's a Saturday night  
Got money in my pocket and it feels alright  
Not goin' home, gonna stay out late  
Gotta hear some rockin' music and it feels just great  
Clock strikes twelve on a Saturday night  
All the creeps are sleepin', all the cools in sight  
All the kings and queens, they're out tonight  
Lookin' for some action till it feels alright  
Imagine what we're doin' tonight  
You really got me goin' tonight  
Imagine what we're doin' tonight  
I'm crazy for some action tonight  
Clock strikes two on a Saturday night  
All my money's spent but that's alright  
Not goin' home, gonna stay out late  
Get ready for some action, want some action tonight  
Clock strikes four, I want some more  
Everybody's layin' on the floor  
Not goin' home, gonna stay out late  
Gotta get rockin' before it too late

Imagine what we're doin' tonight  
You really got me goin' tonight  
Imagine what we're doin' tonight  
I'm crazy for some action tonight  
Gonna get down, gonna get on down  
Gonna get down, gonna get on down  
Gonna get down, gonna get on down  
Gonna get down, get down  
Gonna get down, gonna get on down  
Gonna get down, gonna get on down  
Gonna get down, get down, get down  
Gonna get down, gonna get on down  
Gonna get down, gonna get on down  
Gonna get down, gonna get on down  
Gonna get down, get down  
Gonna get down, gonna get on down  
Get down, gonna get on down  
Get down, get down, get down
